Allowable Subject Matter

Claims 1-39 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record substantially teaches coextrusion of unfilled rubber materials and the forming of power transmission belts using by lamination techniques in general. However, the prior art of record does not teach or render obvious the instantly claimed subject matter, as a whole, with respect to producing a power transmission belt wherein two rubber materials, one containing short fibers, are combined substantially in a passageway at a distance before a the discharge port or die exit. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
